

REMARKS/ARGUMENTS

The NOTICE OF NON-COMPLIANT AMENDMENT mailed 12/15/2007 stated that claims 10 and 11 have not been provided with proper Status Identifiers. A telephone call with Tammy Acree clarified that claims 10 and 11 should be labeled as currently amended and withdrawn. This amendment corrects this error.

The above amendment corrects for these errors, and amends several grammatical errors since discovered.

Claim 4 has been amended to change "magnetic" to "magnet" in order to correct for grammar.

Claims 9-13 have been properly labeled as withdrawn because of the earlier Restriction requirement.

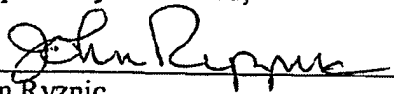

The text for claims 14 through 24 were removed from the listing and replaced with the proper identified "canceled".

This amendment is considered to correct for the issues concerning the Non-compliance of the earlier notice.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.

Monday, February 23, 2009

Respectfully submitted,
